Bereila Portion Pump MAX

With the Portion Pump MAX dispenser set, Bereila offers a universal solution for dispensing both thick and thin sauces, including those with herbs and vegetable pieces. The Portion Pump MAX ensures efficient, hygienic, and consistent sauce dispensing on fries, snacks, and other dishes.

Ideal Dosing

The Portion Pump MAX with refillable containers is perfect for dispensing sauces, including those with vegetable pieces. The refillable containers are easy to handle and can be quickly and effortlessly replaced. The system operates based on vacuum formation, ensuring that sauces remain airtight, even when the dispenser is stored horizontally or placed upside down on the counter. The Portion Pump MAX is available as a set: one pump with two containers. The containers come in sizes of 500, 750 and 1000 ml. Both the pump and containers can be ordered separately, along with handy base plates for 1, 2, 3, or 4 Portion Pumps, or the GN 1/6 holder for two Portion Pumps.

Maximum Ease of Use

The Portion Pump MAX dispenser is simple, smooth, and quick to operate. With just one easy hand movement, you can dispense sauces without constantly squeezing.

and shaking bottles. The portion size is adjustable using the included plungers, with dispensing volumes ranging from 3.75 ml to 20 ml.

Neat and Hygienic

The Portion Pump MAX dispenser set keeps your buffet or workspace organized. No more scattered bottles, just a tidy, clean, and ready-to-use system in Bereila's stylish holder. The Portion Pump MAX is quick and easy to clean, as are the containers.

The optional base plates are available as an accessory for 1, 2, 3, and 4 Portion Pumps. ►

The portion size is adjustable using the included plungers, with dispensing volumes ranging from 3.75 ml to 20 ml.
